FISHBRAIN now has a new look and is even easier to use. This simple mobile App gives you detailed statistics on your own fishing. See what's working and what's not at venues near you.

Thousands of anglers across the UK are already using this new App designed specifically for our sport. The basic version is free and available for Apple and Android smartphone users and is the fastest, easiest way to log your catches.

Use it to record your catches including weights of fish, favourite fishing locations, swim depths, best methods, baits and tackle – and show off your catch pictures to other anglers.

For just £27.99 you can get a full year's subscription to the premium version of FishBrain or, alternatively, pay £3.99 a month. This upgraded version analyses your catches to help you improve.
